 [@123MRaahimRizwan](#)

 [/m-raahim-rizwan](#)

PROFILE

Self-taught data science practitioner with a focus on machine learning and computer vision. Passionate about solving real-world problems through AI-driven solutions.

SKILLS

Programming & Tools: Python, TensorFlow, Scikit-learn, OpenCV, Pandas, NumPy, Matplotlib, Git, Jupyter Notebook

Core Concepts: Machine Learning, Deep Learning, Computer Vision, Neural Networks, Statistics, Data Preprocessing

Soft Skills: Critical Thinking, Communication, Self-learning

EDUCATION

NED University of Engineering & Technology, Karachi

Bachelor of Science in Computer Science (Data Science)

2023 – Present

Adamjee Science College, Karachi

Intermediate in Pre-Engineering

2021 – 2022

EXPERIENCE

Data Insight Club – CSIT Department, NED University

Member / Team Lead Machine Learning Engineers | 2024 – Present

- Collaborated with fellow data science students to organize hands-on workshops and knowledge-sharing sessions.
- Assisted in curating datasets and designing beginner-level ML problems for internal club activities.
- Contributed to discussions on real-world data challenges, helping foster an active learning environment.

ACADEMIC PROJECTS

Tomato Disease Classification – CNN, TensorFlow

- Achieved 96% accuracy using a CNN model to detect tomato leaf diseases.
- Enabled early disease detection for farmers, improving crop management.

Car Price Prediction – Random Forest, Scikit-learn

- Developed a Random Forest Regression model to predict car prices.
- Increased model accuracy by 10% through feature engineering and model tuning.
